

## ACCELERATING ADVANCED MATERIALS DEVELOPMENT.

The Lightweight Materials National Laboratory Consortium, or LightMAT, is a network of 10 national laboratories with technical capabilities highly relevant to lightweight materials development and utilization. LightMAT provides straightforward access to resources and capabilities in this network via a single point of contact and works to match industry research teams with expertise and equipment found only at national laboratories.

Visit [www.LightMAT.org](http://www.LightMAT.org) to apply.

### FREE INFORMATIONAL WEBINAR

The LightMAT Steering Committee is hosting an informational webinar about LightMAT and the most recent directed funding assistance opportunity.

During this one hour webinar you will hear from LightMAT Director, Darrell Herling. After a short presentation, attendees will have the chance to submit questions and engage in a live Q&A.

**When:** July 16, 2018 at 9 am PT / 12 pm ET

**Where:** Online

[REGISTER HERE](#)

Don't miss out on this chance to ask questions about LightMAT, funding opportunities, and get tips on how to submit a successful white paper.

### CALL FOR WHITE PAPERS - APPLY FOR DIRECTED FUNDING ASSISTANCE NOW!

Don't forget to see how your company can receive up to [\\$500,000 worth of technical assistance](#) from the Department of Energy's national laboratories.
